The Hanen Program

What is the More Than Words program?

Hanen More Than Words is a training for caregivers of young autistic children or differences in social-communication. It is a mix of small group trainings and video coaching sessions with caregivers and their children. It provides practical strategies for understanding your child's communication style and providing strategies and support during every day interactions.

What does the program involve?

- ▶ A pre-program consultation for you and your child with your Speech Pathologist
- ▶ 8 training sessions in small, personalized groups
- ▶ 3 individual sessions with your Speech Pathologist in which you are videotaped while practicing with your child. Then you and your Speech Pathologist watch the videotaped interaction to “see” what is helping and what you can modify to help even more
